Dear Brothers at RM,
Happy Sabbath once again. We take this opportunity to thank God for the success of the work we did today Sabbath of 31/10/2020. We take this opportunity to thank you too for your prayers towards this work which God is blessing. Thank you for your support. May God through our Master Jesus abundantly bless you.
We were able to baptize ten souls. Eight brothers and two sisters. We baptized them by immersion in the name of our Lord Jesus Acts 2:37-38, Acts 8:16, 10:48, 19:5, 22:16, Romans 6:3, 1 Cor. 1:13, Gal. 3:27, Col. 2:12. Due to transport challenges, some souls did not turn up and some were not ready yet. But the photo you are seeing is of souls who have made decision to follow the truth, the truth about God, divinity of Christ, the law and Sabbath truth. We have souls in different places but again everybody did not come because of rules by the government about Covid 19 gatherings. THANK YOU.

Sabbath fellowship and bible teaching about how important is true teachings in the life of a child of God by Kennedy and Elias. I gave explanation on Mathews 28:19.

Before baptism behind the river.

Prayer and encouragement inside water.

He was a Muslim. He has accepted Jesus as the only true Messiah and other truths and keeps Sabbath now.

Glory be to God through our Master Jesus.
God bless you all.

Dear brothers and sisters at R M;

It is another wonderful time that God has given us to reach and share His message to souls here in Kenya. Once again we are happy to share with you brethren what God has enabled us to do concerning the great commission that our Lord Jesus Christ commanded to do.

Now things are different and we are reaching those that we could not before. We thank you brethren for the means of transport that you have given to us. It is now helping us to get into places that we want to be for the purpose of taking the message of God for them to know and have the truth. We are now even handling individual meetings and encouraging home churches. These are effective because people are realizing the error in their churches and many that we are reaching are pulling out of their churches for the truth.

We also thank you brethren for the radio that you are paying for us. Last week we received a call from one Sunday keeping minister, who has been closely listening the teaching on the radio. He openly said that he is ready to study the word of God again because before he thought that he knew it but realised he did not. When we went to his place, on the walls, we saw writings on how he has been only focused to monitor who is giving tithes and who is not.

Here is Brother Ishmael who has chosen Christ over Mohamed. Our brother with his family are now our new students and we are taking them through our studies and they are enjoying them and Ishmael was baptized last Sabbath.

Last week also went to the nearby university in Bungoma. I came across this brother who is a student that is studying evolution. We looked on how God created and how evolution explains things, he agreed that there was something wrong. But the sad thing is that others chose to continue believing in evolution because of the system of education. This brother has accepted to study and promise to invite his friends also.

This is one of our newly formed classes that we formed on Friday. They are kind people who are ready to learn the way of truth. We introduced them to our message and agreed to have a meeting on every Friday afternoon.

Brother Otieno is also one of our students who are ready to study whenever we visit him at his home. On Thursday when I was at his place, we had a good study on prophecy of Daniel chapter 7 ;25 and Mathew 24 ;15. These week we will continue with it again for him to settle in truth.

This was just after our meeting and this brother was being given directions on how to get out from the place where we were. It was late and just after heavy rains, but all is the work of God because the meeting was wonderful. People asked questions and after the meeting, we were asked to go back again and again.

My fellow prisoners in Christ, late us keep the fire burning, late us feed souls with truth for the reason being, no one knows the day or the hour. God bless all
KENNEDY.
