

## Weekly Testimonies

### From Stefan, Seoul, South Korea

Even though I live in Korea we still remember the American holidays. Many of the USA holidays are pagan but some are Biblical and very nice, such as Thanksgiving Day which is today. The word Thanksgiving comes 27 times in the Bible. Thanksgiving is sandwiched between two pagan holidays Halloween and Christmas. Mark the prayer of **ALL** the angels around the throne.

Rev 7:11 And **all** the angels stood round about the throne, and [about] the elders and the four beasts, and fell before the throne on their faces, and worshipped God,

7:12 Saying, Amen: Blessing, and glory, and wisdom, and **thanksgiving**, and honour, and power, and might, [be] unto our God forever and ever. Amen.

Yesterday in Oak Chun went into a shop which sells glasses and had an advantageous talk with Mr Park. The trinity of Sir names. KIM, LEE and Park I reckon make up more than half of the total population in Korea. Since his store sells glasses I wanted to find a point of convergence so said as follows “Have you ever heard of Moses? To which he held out his two arms at full length with the two palms together and then began to slowly move the right arm to the right and the left arm to the left which in his mind represented Moses opening the Red Sea. Told him the Bible says 34:7 And Moses [was] an hundred and twenty years old when he died: his eye was not dim, nor his natural force abated. The eyes not dim part was right up his alley as a entrepreneur then we talked how today before death many get dementia and Alzheimer’s and he agreed that the way Moses died is sure the ideal.

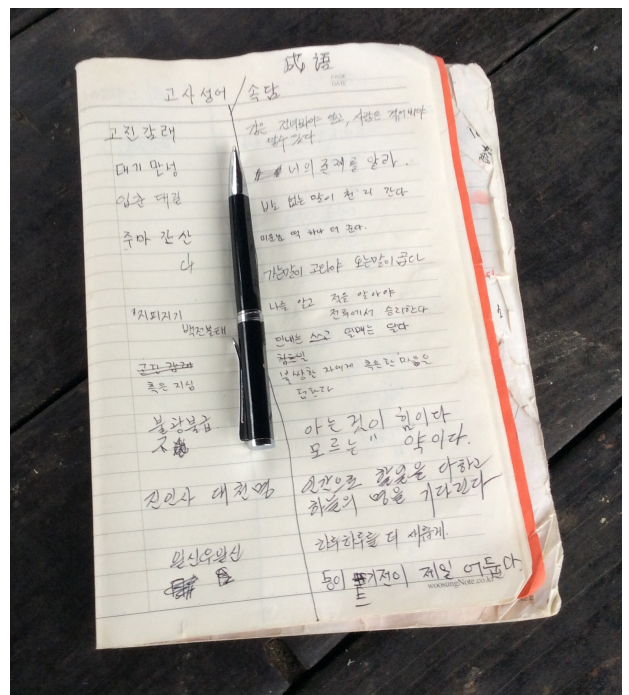

Koreans have a 4 word proverb which means to be **unthankful** but probably 90% of them only consider it to be unthankful amongst each other and do not consider it primarily refers to us humans being unthankful to God. When I told him that God keeps our heart beating and gives us each breathe of life the lights seemed to switch on in his mind.

Luke 6:35 “But love ye your enemies,..... and ye shall be the children of the Highest: for he is kind unto the unthankful and [to] the evil.”

I go shop to shop with my notebook asking folks to write some proverbs or new words to help this poor man learning Korean.

Here is a small list of possible gratitudes this Thanksgiving? Perhaps your own list will look quite different:

- I am grateful for the technology that enables me to worship remotely with people I can’t see—somehow knowing, in a divine sort of way, we are actually connected to one another, though very much physically distanced.
- I am grateful that even with this world wide plandemic the promises of God are still in him [are] yea, and in him Amen, unto the glory of God by us.
- I am grateful for my wife and daughters and food and clothes and a place to lay my head at night

- I'm grateful for the lesson this plandemic is trying to teach me—that what really matters most of all is relationships—and I want to treasure the ones I have all the more—especially the one with God.
- I realize more and more the simple truth embedded in that old saw, “I complained to God about having no shoes, until I met a man who had no feet.”
- I am grateful to be living in these days right before Jesus will come again.

Perhaps there is more truth than poetry to an “attitude of gratitude.” Consider these three one-liners in the chapter “Mind Cure” in *Ministry of Healing*:

- “Nothing tends more to promote health of body and of soul than does a spirit of gratitude and praise” (251).
- “When you open your eyes in the morning, thank God that He has kept you through the night. Thank Him for His peace in your heart. Morning, noon, and night, let gratitude as a sweet perfume ascend to heaven” (253).
- "In everything give thanks: for this is the will of God in Christ Jesus concerning you." 1 Thessalonians 5:18. This command is an assurance that even the things which appear to be against us will work for our good. (255)

“Oh that [men] would praise the LORD [for] his goodness, and [for] his wonderful works to the children of men! (107:21)

Blessed Thanksgiving season to you all

Stefan

### From Pr Naik, India

Dear brothers and sisters greetings in one true God and son of God.

God has given me a wonderful opportunity today to reach all these interdenominational pastors with truth about the Ten commandments of God. This meeting was organised by local pastor Devasahayam. It was almost 200 kilometres from Sattenapalli and total 400 kilometres there and back. We are facing a cyclone here in India today but already God opened doors to go and reach this pastors appointment, that's why we went there to meet all these precious brothers to explain to them the truth from the Bible about who is the one true God and also exposing the false teaching about the Trinity because they believed in the Trinity, but we showed them every reference from the Bible that there is only one God and the begotten and Son of God. The holy spirit is nothing but the spirit of God and spirit of Christ.

They enjoyed the study and after the study a couple of pastors stood up and shared their experience and what they learnt today from the scriptures. It is amazing how the spirit of God is touching their hearts to understand the truth and have time to obey and to accept the truth. Brothers and Sisters from RM I appreciate your prayers and support that helps me to travel many places and reach all these pastors and give them travelling expenses and literature and also providing them their food, thank you so much for your contributions.

Thank you for your prayers because we still need to reach many more and please pray for the Indian mission work so that we can go many places and train them and prepare them to meet the Son of God who is soon going to come in the clouds.

God bless you all pastor Nike Christian from India.

### From Benay, Kenya

Dear RM Family,

Grace be unto and peace from God our father and from Jesus our Master. Once again receive our greetings. We are fine brother and things are moving as God plans. Brothers are still reaching souls despite challenges like people going behind our back and conspiring against us. It is unfortunate because some of the conspirators are people we are eating together with and attending our meetings. But nothing will stop the truth from spreading like wildfire. We have the speakers ready and the mixer. We are still waiting to get the microphones and the generator to get ready for the markets evangelism.

God is blessing our dedication and this week we had a two days seminar which was successful. Thank you brother for your prayers, the number was not big but we were blessed with over twenty souls who left their work to come and sit down for two days from ten in the morning to five in the evening for studies and taking notes. Covid 19 played a role because people are still afraid of large gatherings.

We covered several studies from the law to the second coming of Jesus. In our teachings we urged people to focus on God because the hour of His judgment has come. Day one of the seminar we took souls through the three angels' messages. The first angel's message is to remind God's people fear God and worship Him as creator, because the judgment has come. This message is not only a message of judgment, but also a message of the restoration of all things. It is the Elijah message, the final reformation that would separate the remnant of spiritual Israel from the world, and prepare a people for the coming of the Lord.

In the second message, we studied and learned that the end time Babylon in Revelation is a union of false religious system that includes Roman Catholic and apostate Protestantism. "The second angel's message announces the fall, or apostasy, of Babylon and identifies it as a false religious system. In Revelation 17:5, Babylon is said to be 'the mother of harlots'. By her daughters must be symbolized churches that cling to her doctrines and traditions, and follow her example of sacrificing the truth and the approval of God, in order to form an unlawful alliance with the world". Ellen G, White, GC, Page 382,383.

The third angel's message is the final message of warning to the world. Accepting the authority of the counterfeit religious system instead of God's authority is the same as worshipping the beast system rather than God. Accepting the first day (Sunday) means accepting of the authority of the beast in the place of the authority of God. As the

beast obtains his authority from the dragon (Revelation 13:2), acknowledgment of that authority is worshipping the dragon which is Satan (Rev 13:4).

Apart from explaining these messages in depth, we helped the students of the word to understand the laws and the Sabbath. We helped them also to understand the truth about our Father God and exposed trinity error.

We also exposed false teachings and false gospel being offered by these apostate religious systems. These religions have lead people astray and take people captive through their numerous false doctrines. We made an appeal to the students of the Word to come out of apostasy and to embrace the truth God intended His people to believe and follow for their salvation. We are called upon to prepare a people/remnant church ready for the second coming of our Messiah Jesus.

The seminar ended on Friday. Thank you RM for supports which enabled us even to feed souls who came for teachings.

This was the second day Thursday at the seminar. The second day we study about the second coming of our Messiah. The importance of this study was to help people understand the reason why Jesus is coming which is explained in John 14:1-4. For us to be among those who will be translated we must build our foundation on the rock which is God's real truth. Today people have their foundation on the sand which is men's doctrines and false teachings that are destroying God's people. Before looking up for the son of God, it is important that people should look at their foundation. We also learned that the second coming will be visible and audible. No secret rapture in the bible.

We also study about baptism and there were souls which showed willingness to be baptized because some were baptized through sprinkling but some were baptized in many water but in trinity. This seminar has produced some few people that will be baptized soon before the year end. The seminar ended well on Thursday at five in the evening. We thank you RM for standing with us. The seminar was also made successful through brother Ashtons' effort who coordinated with the host. Ashton is doing a good work and the two of us taught for the two days which we finished well.

This was on Sunday where I was invited by a pastor of Redeemed gospel church. The picture is not great but we had two hours of teaching. Happy Sabbath.  
Thank you very much RM family.

-----

### From Kennedy, Kenya

Dear brothers and sisters, I hope you are fine in Christ and the work is ok over there. We are fine and the work of our Almighty is going on well. We are happy with the work structure and organization that Brother Ben is putting in place for the well good of the work of God. However, we thank you brethren for trusting us and supporting us both financially and with prayers. THANK YOU VERY MUCH.

This was a Sunday keeping group. I was invited by a brother Emanuel to give a message of God concerning the end time prophecy. It was good because they all agreed to have a bible class every Saturday morning to evening. It will be a good oppotuninity to show them the importance of obeying God by keeping the Sabbath day.

This was on Sabbath day. Brother Ben and I went to Eldoret to visit Brother David who is working for God in those regions. He is a good brother who is organizing groups and showing them the truth. It was a good group, people who are active during studying and ask questions that show their desire to know the truth. We gave them a study on the truth about the relationship between the Father and the Son.

This was on Friday, the day I also accompanied by Brother Ben to this group that he was invited by his long time friend. I gave them a message about the last warning from God to the destroyed souls. Ben was the second teacher after me and he gave more light by warning them of fowls doctrines which in them, there is no life.

These are two Brothers and a little boy who love to study the true word of God very much. We meet them on every Thursday morning at Brother George place. Last Thursday I gave them a study on the origin of sin and they were happy to know that God does not entertain sinners but need them to repent.

This is a family that I meet on Wednesday afternoon. They are my long time students who have advanced in the truth. The boy on the right is Seth, and on the left hand is his mother. They love the true word of God and always show signs of obedience to the law of God. I have given them different kind of books that we were given by R M that is helping them to stand strong in faith.

This is one of our Tuesday meetings. We are accompanied by Brother James to this group to show them light on the last message of God to the world. They are nice and kind old people who always welcome us with smiling faces. We are helping them by exposing the errors in denominations and the good thing is that the old man can remember what the roman catholic system was doing and thus when he

link it with the prophecy, he understands the bible at a good speed.

This is Brother Abraham taking Brother Peter through the bible study on righteousness by faith. Brother Peter is a single guy whose wife passed away one month ago. He is a very promising guy whom we are looking forward to show him the way of truth. We gave him the book called Alone in the Crowd, in order to strengthen him against pressure from family members for his decision of standing alone for truth.

This is Brother Wanjala. This Brother is totally under the influence of alcohol and is a very serious smoker. We had a meeting last Sabbath at Elias place and he was also in the meeting. Ben and I took time talk with him about salvation and how the bible talks on alcohol. Am doing my follow up to see and make sure this brother is out of this prison.

Brethren, there are a lot to write for our updates. God is doing his work. Pray for us and the work of God in Kenya so that even we can go all over Africa.

**GOD BLESS YOU ALL.**

**KENNEDY.**
