From Pr Naik, India

Dear brothers and sisters, greetings in Jesus.

It is a great privilege to be able to reach brothers and sisters with the one true God message and the Sabbath truth to prepare their souls to meet our lord and savior Jesus Christ we soon going to come on the clouds.

Restitution brothers and sisters thank you so much for your prayers always for Indian mission work, spirit of God is moving here in India in different ways to reach every individual soul with everlasting Gospel of Jesus Christ and the three Angels message. God is preparing their souls to meet him blameless and without Sin.

There is a Pentecostal pastor who is working in pentecostal organisation, his name is Venkat. He has been baptised into the one true God family, and keeps the sabbath and worships the Creator and keeps the Ten commandments.

We had a wonderful bible study in our church with the different pastors and also Sabbath keepers who are working with Restitution in India and explained about covid-19 vaccination.

We had another open door gospel meeting among the Hindu community people, including Sunday believers. We explained why God has given 10 commandments, why we should keep it.

“Speak thou also unto the children of Israel, saying, Verily my sabbaths ye shall keep: for it is a sign between me and you throughout your generations; that ye may know that I am the LORD that doth sanctify you.” Exodus 31:13

I hope and believe God opened their hearts to accept the truth.

Thank you so much for your prayers and support, I appreciate it.

Dear brother Neville,

Good morning and greetings from Fiji to all of you our good family members.

We praise God that He has protected everyone from the cyclone here in Fiji. Right now its day 3 since we don't have water so the transport is very convenient in this situation and we just praise God for all your support in buying this vehicle to be used in Gods work.

Yesterday, we had to help the helpless by transporting them water to wash their houses since its filled with mud and debris from flood that was done by cyclone Ana.

People have no water and transport to go and fetch water for their families due to bad road conditions and no transport.

A widow with her daughter had no one to help and we were informed about it so we had to help from one family to the next till night fall.

During the cyclone, the water level was rising and rising and our daughter in law with my 2 grandsons were stuck due to the high level of flood and no cars could go through their area and most areas.

We were praying and Eddie walked down but the police stopped him and telling everyone to return home because the current of water was strong.

Eddie again offered a prayer and asked God to help, and while he was trying to swim through the water to get to the police in order to wait for their rescue boat, one man in his small boat was coming towards Eddie and he managed to go and bring our grandkids and people were swimming to get to a higher ground.

So sad and very heartbreaking and we knelt down that night and we prayed and pleaded with our Only True God to please stop the other cyclone that was coming again.

We had 3 cyclone warnings and 1 was hitting us and causing all this flood and then the weather news came that another cyclone was coming straight after.

We prayed that night every half an hour and we went to bed very late. My son Max couldn't sleep, and said "mum how can I sleep when people are shivering in the cold so please let's continue to pray".

The next morning, we know and believe that God listened to a thousand people who were praying because the 2nd cyclone did not form into a category but just a low depression. Amen.

Yes our house wasn't damaged last year with that 1st cyclone but now it's been damaged really badly but we are safe and well.

I recall as we were praying back in Suva for a place of worship and we just decided to extend our house to build for worship since we cannot afford to pay monthly rent if we have to come to the North.

We prayed and prayed so we managed to get a loan from the bank, 4 thousand, and we started building. The amount of the loan wasn't enough and so we kept praying and by faith the extension was build worth 10 thousand for all the building materials and labor cost.

My brother in law when he saw the extension building, and he said "Eddie, why did you build this extension? You could have build your house in the farm on that money," but Eddie never said a word and I started to almost agree with him, and that was when I just thank God more because I see the need of souls to be brought to God.

A place of worship was more important than our need so we praise God for all.

Now as I was thinking about our destroyed house here at the farm and I was just saying, Lord what can I say but just thank you for you are God and you have the last say.

Thank you for always helping Fiji Restitution ministries and it's my prayer that God will help us to help others who are really really affected badly in whatever ways we can be of help.

Bless you all, we really need your prayers more

Learning from the greatest Communicator the world has ever known!

It is always a struggle for me to go house to house and knock on doors. But afterwards i never regret and am always blessed.

Often think of this from RH.

The great Redeemer represents himself as a heavenly merchantman, laden with riches, calling from house to house, presenting his priceless goods, and saying, "I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not

appear; and anoint thine eyes with eyesalve, that thou mayest see. As many as I love, I rebuke and chasten; be zealous therefore, and repent. Behold, I stand at the door and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me." {RH, July 23, 1889 par. 14

The greatest Communicator the world has ever known is Jesus. Every situation is diverse from others and notice the modus operandi of the Prince of Peace while talking to Simon.

John 13:37 "Peter said unto him, Lord, why can't I follow thee now? I will lay down my life for thy sake.

John 13:38 Jesus answered him, Wilt thou lay down thy life for my sake? Verily, verily, I say unto thee, The cock shall not crow, till thou hast denied me thrice."

Notice the wording of the Master in His question to Peter! The statement of Simon had 9 words. The question from Jesus had 9 words. 100% the same words just switched a few pronouns. "I will lay down my life for thy sake." "Wilt thou lay down thy life for my sake?"

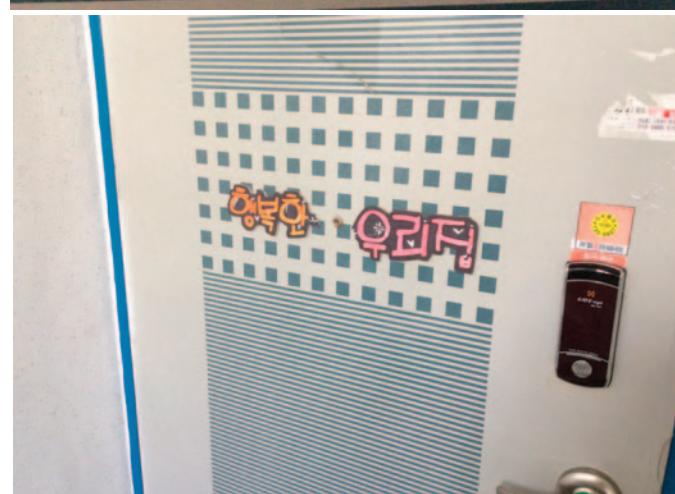

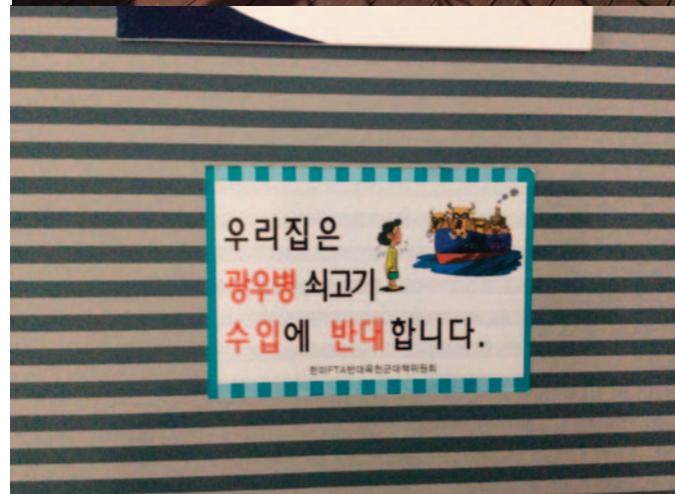

I decided to follow the example of Jesus while going door to door. See the pictures of the writings that people had on their mailbox or door. Fellow door to door knockers this method works like a charm, try it !!!~

A mail box before one house said "Every day and and every second the happy house" so i went to the door with a twinkle in my eye and said "Is this the every day and every second happy house? It instantly got a smile and yes from the man of the house was able to share a health tract. The next house had 4 cats meowing, Mr Lee Dae Gyoo came down from the second story window. After inquiring about the cats found out that a mother cat showed up one day at his house and then a few days later had 6 kittens. The mother and 2 kittens died. The 4 orphan kitties remained. So I began talking to the 4 hungry meowing cats. " You orphan cats can be so thankful that your master Mr Lee takes care of you and that you do not live in America, the wolves would eat you up. Mr Lee and wife and 3 children lived for one year in Saipan so they spoke a little English.

He bought an English book and took some Korean literature. Before leaving asked him if he knew any words from the Bible? he said no, how about any of the 10 commandments? again he said no. Going door to door all around the world one thing I have discovered, the words of Isaiah are true. Isa 60:2 "For, behold, the darkness shall cover the earth, and gross darkness the people: but the LORD shall arise upon thee"

Next door said "our happy home" written in orange and pink letters, the lady opened the door so I said "is this our happy home? Forthwith she had a beautiful smile on her face so asked again How is it that you have such a happy home? To which she said "well we are just a cozy happy family"! She also gladly took a tract.

The next 2 homes no one was there so just left tracts at their door. One house has written on the door. "Our house is against the importing of mad cow disease beef from the USA" At every home or door there is usually something that we can use to break the ice.

Last year 2020 the verse was..

Act 20:20 "And how I kept back nothing that was profitable unto you, but have shewed you, and have taught you publickly, and from house to house,"

This year 2021 the verse is John 20:21 Then said Jesus to them again, Peace be unto you: as my Father hath sent me, even so send I you.

From Kennedy, Kenya

Greetings in the name of our Lord Jesus Christ brethren. Hope hope everything is ok and the work of our lord is going on well. It has been a long time since I have communicated about the work but all is ok because we have resumed with the work again.

Just recently we had a conference of teachers to see who has the massage and who doesn't have. It was good because brethren learned a lot.

We are now on the roads looking for souls so that we can show them and make them to know many errors in Christian life today.

Brethren, many times we work for God visiting groups and homes but the period on which the word of God germinates in their hearts is different. Those who respond are the ones that we go to as we look for others. With time, we do sometimes get phone calls from those even we came across some months ago. That is how the work of God is, very interesting and encouraging.

Meetings are now going on for the work of God which I dedicated my life to and I must continue.

Like in this picture are friends which are now a new group and we had good time with them. I introduced our massage to them and show them the errors and the results of not being obedient to God in life. The show un interest of knowing more and we agreed to be meeting on every Tuesday afternoon.

This is also one of our groups that is doing well and the good thing is that they now know the importance of observing the Sabbath. We are going there every week to show them many things which Christians do believe but are not biblical but manmade doctrines.

These are brothers from Mumias who invited me last Sabbath. They are very interesting people who don't want to be warned but rather, they told me that they ok with what they have now. They gave me two hours to talk but I didn't even last for forty minuets. They were going out of the house one after another and thus forcing me to stop and drive to the next meeting. The picture is no good because the room was too small. But unto them, time will tell.

This is another group that is doing well and even their understanding of the scripture is good. They are young and the kind of question they do raise is salvation questions. Yesterday evening I took them through the truth about God and something good is that they requested the topic to be printed so that they can show other when they are at home.

Brothers and sisters at RM, the bible tells us more about itself. The word is like unto rain. The results always come after. Continue praying for us so that the work of our God will be spread all over. I always see myself as if am doing small thus encouraging me to walk extra miles because I am also on the race to the kingdom of God.

God bless you all.
