## From the Mission Fields

## From Stefan, South Korea

Jesus spoke first with the Samaritan woman in that 1 to 1 encounter, but Nicodemus spoke first to Jesus.

Last Sunday an older Korean man spoke first to me and said in English "Hello" so I said "Oh you speak English" then he said "Christian" he did not say "I am a Christian" but just "Christian". We began to speak of Christ and His Word. I shared with him a tract and he gave me a tract, he was on his way to church. He has already contacted me via a Korean version of facebook. His English name is Boaz.

How long does it take to smoke a cigarette? That is how long I have to share the gospel with many Korean smokers as they puff away. I know that it is better to speak slowly but, "We need far less controversy, and far more presentation of Christ. Circumstances alter cases. . . . {CM 42.1}

I tried a new approach and it has been working like a charm. It goes like this. Asked a man as he was smoking last Sunday, "What do you think is more powerful scientific evidence or historical evidence?" He said "these days I think scientific evidence is more powerful."

So I said to him "I cannot prove to you scientifically that Admiral Yi Sun Shin made the "turtle ship". Unless they are a babe or suckling or an idiot all 85 million Koreans on earth know who Admiral Yi Sun Shin is! This is what the dictionary says about the turtle ship. "the "Turtle Ship"; an ironclad warship shaped like a turtle (invented by Admiral Yi Sun-shin in 1592 or so, during the reign of King Sonjo of the Choson Dynasty)"

So continued "even though I cannot prove to you scientifically that Admiral Yi Sun Shin made the "turtle ship" we know historically that he did and all Koreans will agree." Then I shifted to the everlasting gospel. "Even though I cannot prove scientifically that Jesus Christ was born in Bethlehem, lived a perfect life, never sinned in thought, word or deed, died for our sins on the cross and rose again three days later, we know historically that it is true." The man took my tract and said emphatically "I will read it". After comparing Admiral Yi Sun Shin of 1592 with Jesus and mentioning science and history it makes a compelling case unless they are stout doubters. Try this in your country, choose some ancient historical figure and compare with Jesus, science and history and see their response.

Yesterday May 19 was Buddha's birthday so I went to a mammoth Buddhist temple/ National park near our house. The weather was gr8 and there were thousands of souls.

So sad to see little children and adults bowing down to idols. Idols that have eyes but cannot see and ears that cannot hear.

The little  
buddha has  
had a very  
different  
hand  
formations,  
and if  
anybody  
gives a big  
offering their  
name is  
inscribed on  
bronze.

Notice the three main buddhas all part of the pagan trinity concept.

Also people lining up to pour water over the head of a small idol they think by doing so that they are purifying their hearts, so sad.

Pray for the many Buddhists around the world.

At this Buddhist temple to just hand out Christian literature indiscriminately to anyone would not be wise so praying for Divine appointments the Lord led me to many little groups of 2 or 3. On my white board wrote the following: "In these lessons direct from nature, there is a simplicity and purity that makes them of the highest value." People stopped to read, then told them that our life is in our blood, and our immune system is in our blood and that a strong immune system is the best mask.

Most Koreans are staunch mask wearers even out in the forest. The Harley Davidson white mask couple had a good talk with them. And the black mask couple sitting on the bench had a wonderful 30 minute meeting with them. The man had quite long hair, so i asked him why he had long hair and if he had heard of a Nazarite vow? He had not but he had heard of Samson. They told me they could not sleep well at night. Was able to share with them the blessing of a two meal a day plan rather than three and how much better one sleeps on that two meal a day plan. They were very interested in health and the bible, pray for them Mr Han and Mrs Lee

Buddha is said to have lived about 500 or 600 b. c., was a prince of one of the ruling military tribes of India, but was of Persian origin. His personal name was Gautama, the title "Buddha" being a Sanskrit word, meaning the "Enlightened One."

About the enlightened one the SOP has one hit, here it is.

"Philip communicated his knowledge to another, and so brought a soul to Christ. The light given us of Heaven is to be communicated to others in this way. If you have given light to one soul, you have enlightened one hundred, for that one will communicate the light to others, and so it will go on continually increasing. {RH, April 30, 1889 par. 5}

Pray for the many Buddhists around the world.

Lets pray that whether we plant the seed or water the seed God will give the increase.

Luke 8:11 .... The seed is the word of God. Stefan

Jesus = the loving, passionate young man who recognized that he was connected to God

He is staying with us as he has done.

Only our bodies die, our souls last

I don't care even if there is such a thing. Let it be.

But I'm studying by myself.

I don't want to be influenced by existing Christians' independent interpretations. They don't seem to really understand God.

To go out and mingle with people takes time and gas money etc, but i found a way that we all can reach out to others at home if we have a computer and email contacts. Via surveys. About 3 or 4 years ago Neville and I were visiting Alice and her son in AZ. We were flying from Phoenix to Seattle on a plane and I noticed a group of about 5 Koreans shared some tracts with them and have been in touch with one of them Mr YOO for the past 3 years. The other day sent him the survey by email and this is how he wrote back. By these surveys we can find out where people are coming from and then proceed from there.

## From Ben, Kenya

Dear RM,

Receive our greetings in Jesus our Lord. We are doing well in the Lord and still faithfully reaching souls with the end time message. Apart from reaching out to new souls, we are keen in nurturing folks who have come out of apostasy to the fundamental truths that separates us from other ministries. We are not shy to defend and teach the truth about God, Christ' deity, nature of man and sin, and I am also taking souls through teachings on King of the North.

We know the time is running out and God's people are still in apostasy. We are moving with speed to reach souls in different corners and the ones who believe the truth we are renting them places to congregate on Sabbath for Sabbath fellowship. We are still baptizing people who come to truth but were not baptized according to the scriptures in their former churches.

We are still bringing souls together and taking them through the truth. This class is really improving well. There are three souls from this group who have made decision for biblical baptism and they have also made a decision to start keeping the Sabbath according to the ten commandments.

This is also another new active class. This was our fourth meeting and we are glad that people are attending these classes for bible teachings so that they can make an informed decision.

These are brothers who are thirsty for the truth. The word we have been sharing with them has opened their eyes in matters of worship (Sabbath), the foundation of a true church (Ephesians 4:4-6). Our next study will be about baptism. Also in this group, there are brethren who now keep the Sabbath and we are teaching and encouraging other students to accept the Sabbath truth because God requires us to obey every commandment.

Individual students are also our priority because from one soul we get other souls. We are always teaching and bringing them to truth.

These are brothers who are thirsty for the truth hidden to them by their denominations. They are now keeping the Sabbath. In our next baptism, they will be among the candidates.

My son has been seriously sick but he is feeling well now. I thank God for healing him; I also thank the brothers who remembered him in their prayers. I am still printing books and giving out to our students and to new souls. The books are educating them to the right path to follow. These books are helping them understand true and fundamental teachings other individuals and ministries have neglected which we embrace and champion.

Thank you all. May God continue to bless the Restitution Ministries.

Shalom, Ben
