

## Why I don't want a Covid-19 vaccine

**With the whole corona vaccination spectacle you only have to know one thing: Who is the initiator, where does it come from? That's enough to see through the whole thing.**

**The initiator of the whole thing is that UN beast (UNO) from the Sea of Nations with its World Health Organization WHO. It's the antichrist. That alone is enough to refuse the vaccination, for the Antichrist has only evil in mind; he gets his power from the dragon called Satan (Rev. 13:2). It is certainly not his aim to vaccinate the 7-8 billion people on earth because he is so concerned about their health. Always remember the Lord's statement that Satan was "*a murderer from the beginning ... and the father of lies*" (John 8:44). Satan has murder in mind with the help of lies. In the corona pandemic, both are exemplarily connected: lies and murder.**

**At the World Population Conference in Mexico in 1984, the UN was already concerned about bringing the "fertility behavior" of mankind under control, which they also achieved through the "pill break". At the World Population Conference in Cairo in 1994, the aim was to find ways of decimating the world's population in addition to contraception and abortion (child murder) (1). This is the intention behind WHO's wish to vaccinate all 7-8 billion people on earth: Decimation of humanity to below 500 million, as it is impressively carved in granite on the Guidestones: First commandment: Keep the world population below 500 million (= ½ billion). It is currently around 8 billion.**

**In China, the decimation had already begun in 1979 through the "one-child law" (each family may only have one child) with forced abortion. In 2015, however, they moved away from it again because of the shrinking pension funds (2). Instead, they had modified the SARS-CoV-2 virus, which comes from the horseshoe bat, into the Covid-19 virus in a laboratory in Wuhan. The Wuhan Lab has been experimenting with bat viruses for a long time in search of an AIDS vaccine.**

**A vaccination serum is always based on the same principle. The pathogen is brought into the body in a weakened form in order to activate the immune system and to form antibodies. During the vaccination against Covid-19, however, the bat virus was genetically modified by the previously forbidden mRNA technology (3) so that it not only gets into the bloodstream and develops antibodies, but also penetrates the chromosomes (genetic material) of the cell nucleus and stays there causes genetic changes.**

**The UN has been working with China for a long time because of the shared intention to reduce the population. The main sponsor is the multi-billionaire Bill Gates, who is described in the weekly newspaper DIE ZEIT on April 4, 2017 as the "*secret WHO chief*", which in turn forced Donald Trump to stop making payments to the WHO.**

**There is always a real core in fairy tales and legends. The vampire (bat) no longer has to bite people in the neck to turn them into vampires. It also goes with a small spade in the upper arm. Anyone who is vaccinated against Corona should in any case know that they are vaccinated with a genetically manipulated bat virus that not only restricts people's fertility, but can also lead to a fundamental change in personality or death. Therefore my appeal: do not get vaccinated! What if we are**

**forcibly vaccinated? someone asked me in fear. No fear! The blood of Jesus Christ is fatal to everything that comes out of the devil's kitchen. We children of God are immunized against any hostile takeover because our spirit body, which grows within us, is indestructible and immortal.**

“Little children, it is the last time: and as you have heard that Antichrist comes, so even now there are many Antichrists, whereby we know that it is the last time!”
